

PRIVACY AGREEMENT FOR IMDIABETIC

1. INFORMATION WE COLLECT

We collect the following types of information:

- **Registration Data:** When you register an account for this application, we may ask you for information such as your first name, last name, password, age, height, weight, gender, target blood glucose amounts. These allow us to perform a number of different functionalities of the application. You must be above the ages of 12 to use this application.
- **Usage and log data:** User Content that you submit during app use including photographs and information you post through the app.
- **Social Media:** For those who choose to share information to their social media pages (Facebook, Twitter, etc.), this app will use your public profile and friends list.

2. HOW WE USE YOUR INFORMATION

We may use information that we receive to:

- Help you efficiently access your information after you sign in.
- Remember information so you will not have to re-enter it during your visit or the next time you visit the app.
- To provide, personalise, and improve your experience with the app.
- To allow you to login to your social media account(s), powering social functionality within the application.

3. YOUR MOBILE DEVICE

We may provide features that rely on the use of additional information on your mobile device or require access to certain services on your mobile device that will enhance your ImDiabetic experience but are not required to use the app.

In particular:

- **Photos and Camera:** We will not access your photos or camera without first getting your explicit permission and we will never scan or import your photo library or camera roll. If you give us permission to access photos or your camera, we will only use images that you specifically choose to share with us. (You may use the application to select the photo or photos you choose to share, but we will never import the photos you review except those you explicitly share.).
